

There are more than 100 career titles working with plants, spanning across art, science, technology and business, according to *Seed Your Future*.<sup>7</sup> Furthermore, landscapers, scientists and agri-business workers can make six-figure salaries according to *Learn How To Become*.<sup>8</sup>

## MEETING THE INDUSTRY NEED

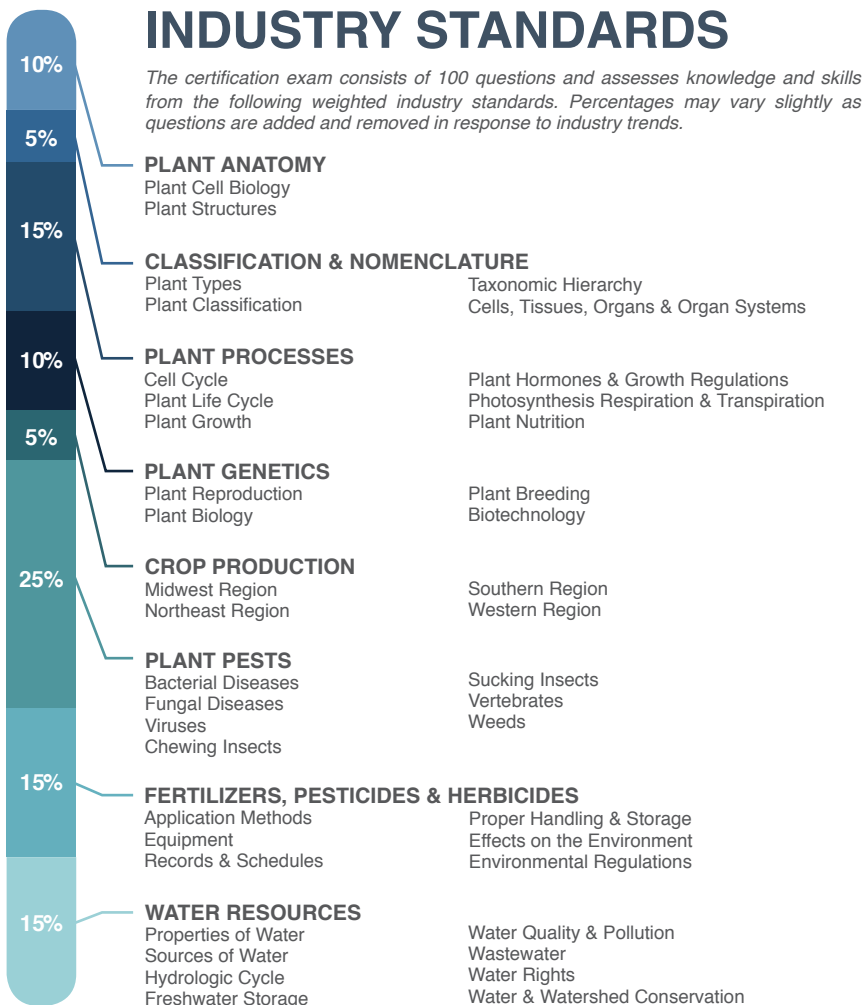

The BASF Plant Science Certification verifies individuals have acquired the knowledge and skills necessary to **excel in a variety of plant, natural and environmental science related fields.**

The certification **assesses industry-valued and industry-recognized standards produced by BASF**, an international company known for using chemistry to address the growing need for food, clean water and energy across the world. With more than 122,000 employees worldwide, BASF uses science and innovation to contribute to a world that provides a viable future and enhanced quality of life for everyone.

The certification **validates individuals are prepared to play a vital role in ensuring agricultural productivity.** Additionally, the certification allows employers to identify and connect with more skilled candidates, filling gaps in the labor market and jump-starting individuals' careers.

## INDUSTRY STANDARDS

The certification exam consists of 100 questions and assesses knowledge and skills from the following weighted industry standards. Percentages may vary slightly as questions are added and removed in response to industry trends.

## ABOUT BASF

At BASF, we create chemistry for a sustainable future. We combine economic success with environmental protection and social responsibility. The approximately 122,000 employees in the BASF Group work on contributing to the success of our customers in nearly all sectors and almost every country in the world. Our portfolio is organized into six segments: Chemicals, Materials, Industrial Solutions, Surface Technologies, Nutrition & Care and Agricultural Solutions. BASF generated sales of around €63 billion in 2018. BASF shares are traded on the stock exchanges in Frankfurt (BAS), London (BFA) and Zurich (BAS).
